MAYSVILLE, KENTUCKY, MONDAY, SEPTEMBER 16, 1918.

ONE COPY—ONE CENT.

R. A. COCHRAN IS ELEVATED TO THE RANK OF CAPTAIN

Maysville Man Is Making Good in the Army and His Ability Is Recognized By Elevation to the Rank of Captain.

Word was received here today that Lieutenant R. A. Cochran, youngest son of Judge and Mrs. A. M. J. Cochran, who has been located at Camp Custer, Mich., for the past several months, has been elevated to the rank of Captain in the United States army.

Mr. Cochran received his military training at the first Officers' Training School at Ft. Benjamin Harrison and graduated from this school with a rank of Lieutenant. He was assigned to duty with the regular army and soon demonstrated his ability as a leader of men.

He has been located at Camp Custer with the Tenth Infantry, U. S. R., for several months.

This elevation comes as quite a compliment to Mr. Cochran when it is considered that the outfit with which he is now stationed is an old regular company, well seasoned and trained to the highest notch of efficiency.

His many local friends extend to him congratulations upon the wonderful record he has made in his short connection with the army.

INFANT BURIED

Mary Eppenstein, the five weeks' old daughter of Mr. and Mrs. Charles Eppenstein, of Eastland, who died Saturday evening after a short illness, was buried in the Catholic cemetery at Washington Sunday afternoon.

MASONIC NOTICE

Regular monthly meeting of Maysville Chapter No. 9 R. A. M. this evening at 7:30. The annual election of officers will be held.

R. A. CARR, H. P.
P. G. Smoot, Secretary.

GOODPASTOR-PLATT

Mr. John E. Platt, aged 64, and Mrs. Missouri Goodpastor, aged 45, both of this city, were married here Sunday morning at 8 o'clock by Rev. J. E. Reed.

NORMA TALMADGE GIVES MAYSVILLE BOYS A LIFT

Maysville Soldier Boys in New York City Are Taken Into Automobile By Famous Movie Actress and One of Them Sees Something Familiar in Her Face.

Friends here have just received a letter from Mr. and Mrs. Frank Burgoyne, who are in New York visiting their son, Ashby Burgoyne, a member of the United States army, telling of a rather peculiar experience Private Burgoyne had in New York City a few days ago.

He was walking down one of the prominent streets of the country's largest city accompanied by his chum, Charles Dice, when a large and luxurious automobile pulled up at the curb and the occupants invited the soldiers to step into the car for a lift.

As soon as they had entered the machine, Mr. Burgoyne saw something familiar in the face of one of the young lady occupants and he remarked to her that he believed he had seen her before. He was not able to place the young lady and she only smiled. The matter seemed to bear on his mind and just before he and his pal alighted from the car, he again mentioned that he believed he had seen the young lady who was giving him the lift and she then handed him a card which bore the name "Miss Norma Talmadge."

Until the card had been handed him, Mr. Burgoyne had not thought of the movie star who had been his favorite back home but it came to him like a flash that this was the woman who he had often seen in the movies.

NOTICE

Will the lady and gentleman in an automobile, bearing Kentucky license tag, Monday, September 9th, coming from Fincastle, Ohio, to Russellville, Ohio, and who found a leather suitcase on the road containing ladies wearing apparel and a letter addressed to the owner, return same to Harry A. Ort, Chief of Police, Maysville, Ky., and avoid further trouble.

George Thompson, U. S. N., passed through the city Sunday on his way to his home at Mt. Olivet, where he was called by the serious illness of his brother, who is suffering from typhoid fever.

AMERICANS POUR FIRE ON METZ; BRITISH ADVANCE

American Guns Are Bombarding Strong German Fortress—Halt Advances Near Ypres.

London, September 16—Metz is under long-range bombardment.

The city is about 10 miles from the nearest point of the Americans.

Both American wings are reported to be straightening and co-ordinating their positions across the former St. Mihiel salient.

Patrols now control the area between the American lines and the Hindenburg reserve defenses.

The Germans are digging in far to the rear, rather than attempting to dispute the American gains.

They are withdrawing along the 33-mile front between Abecourt and the Moselle, in an effort to improve the protection of communications in the vicinity of Metz.

The Americans advanced from two to three miles on this front and in some places their patrols pushed forward an additional two miles.

Six German divisions, totaling about 60,000 men, were operating in the St. Mihiel salient when the Americans began their attack, it has been learned. Of these, fully a fourth were taken prisoner.

The British have captured Maissemy—four and a half miles northwest of St. Quentin—thus destroying a small salient which had its apex at Verdun.

In their recent local operations the French have taken 2500 prisoners.

With the Americans on the Metz front, September 16—The extremities of America's new line are experiencing the bulk of the present activity.

To the left of Moselle the boche attempted a raid Saturday night, as a result of which the Americans took six prisoners. Late yesterday afternoon the enemy made a counter-attack in the same region.

The enemy was seen massing for the effort. The American artillery opened on the Germans and they were cut to pieces before they could start.

The boche is doing considerable work in the rear of the Hindenburg line. The operations in the last 24 hours, though small, have resulted in additional prisoners and material being captured. While there is a comparative lull on the ground, aside from artillery fighting, the battle in the air is becoming constantly more bitter.

Boche airmen are being reinforced and are becoming more daring. Although some have succeeded in crossing the allier line, not an enemy plane has been able to proceed more than three miles behind the line.

London, September 16 — British troops advanced their lines on a front of more than two miles along both sides of the Ypres-Comines Canal last night, capturing a number of prisoners and machine guns, Field Marshal Haig reported today.

Further slight advances were made in the vicinity of Cambrai.

MURDERER OF DETECTIVE BREAKS JAIL AND ESCAPES

Police in All River Towns Asked to Be On the Look Out For "Cotton" Smith, Who Broke Catlettsburg Jail Last Night.

Chief of Police Harry A. Ort received a telegram from the jailer at Catlettsburg this morning informing him that "Cotton" Smith, the man who recently confessed to the murder of C. & O. detective Dinnman in the Ashland yards and who was given a life term in the state penitentiary, had escaped jail.

How Smith got out of the Catlettsburg bastille is not yet known but it is known that Smith is an old timer and knows all of the tricks and turns having served a great part of his life in jails and penitentiaries.

It was thought this morning, according to the information the telegram received here bore, that Smith was heading in this direction and the police have thrown out a net that will certainly pick him up if he comes this way but it is the opinion of the local officers that the murderer would not attempt to come this way as he knows nothing of this country but he would go to West Virginia where he knows every foot of the ground.

The officials had a very strong case against Smith and had they offered their evidence he would probably have gone to the electric chair but Mrs. Kinnman, wife of the murdered detective, agreed with the murderer's lawyers to allow him to plead guilty and take life imprisonment instead.

Mr. Harold Caplinger left for Philadelphia today to accept a position.

HEIFERS WILL BE SOLD IN MAYSVILLE OCTOBER 18

Announcement Made That All Heifers in the Mason County Heifer Club Will Be Sold Here on Friday, October 18.

An announcement of much interest to the farmer boys of the county who are members of the Mason County Heifer Club was made this morning when the officers of the First-Standard Bank and Trust Company, who originated the club announced that the sale of the heifers and their offsprings would be held in this city on Friday, October 18, beginning at 9 a. m.

On Thursday afternoon preceding the sale of the heifers and their offsprings will be brought to Maysville and will be displayed at the Home Warehouse. There are 59 of the heifers and about half of them have calves.

On the afternoon of Friday, October 18, the Maysville District Short Horn Breeders Association also announces they will hold its annual shorthorn cattle sale at the Home Warehouse. There are about 48 head of full bred cattle to be offered at this sale and it is expected there will be many buyers attracted to Maysville because of these two big sales.

In the sale of the heifers, the boys who own them now will be given an opportunity to purchase them before they are offered at auction. The boys all gave notes for their heifers and after these notes are paid the balance will be given to the boys raising the heifers.

COURT RE-OPENS TOMORROW

After a two days' recess the Mason Circuit Court will begin grinding again tomorrow morning. The Osborne will case is set for trial but it is understood this will not be tried this term and it is more than likely that some small case will be taken up by the court and disposed of during the day.

O'CONNELL PLACED IN LOCAL JAIL

William O'Connell, Mason county man convicted of violation of the Federal Espionage act, was brought here Saturday by a Deputy United States Marshal and placed in the Mason county jail where he will remain for a period of six months to pay the penalty for violation of the act.

MASON BOY IN TANK COMPANY "OVER THERE"

Word was received here today by relatives that Andrew Taylor, of Washington, who for a time was connected with the State National Bank and later with the Federal Reserve Bank at Chicago, had arrived safely overseas. Mr. Taylor is a member of an American tank company.

NEPHEW OF LOCAL WOMAN IN CASUALTY LIST

The name of Joseph Cook, of Cincinnati, appeared in yesterday's casualty list as being severely wounded in action. Young Cook is a nephew of Mrs. A. Clooney, of West Second street.

PIANO TUNING \$2.00

Formerly with Aeolian Co., Indianapolis, now with "Hearts of the World" Tuesday and Wednesday only—if not satisfactory cost you nothing. Call 127.

Lieutenant Lisle Threlkeld and wife and Sergeant James Threlkeld, of Camp Hancock, Ga., are here to attend the funeral of Louis Bell Threlkeld.

SGT. R. W. YAZELL FALLS IN ACTION FACING THE HUNS

Fleming County Man Who Has Been in the Service For the Past Eight Years Makes the Supreme Sacrifice on French Battlefield.

Relatives here have just received a telegram from Washington informing them that Sergeant Robert W. Yazell, son of Mr. and Mrs. H. C. Yazell of Foxport, Fleming county, has fallen on a French battlefield. The telegram which is addressed to the young man's father, Mr. H. C. Yazell is as follows: "Deeply regret to inform you that Sergeant Robert W. Yazell, infantry, is officially reported as killed in action on August 19th."

HARRIS, Acting Adjutant General. Robert Yazell was 27 years of age. He had been in the United States army for a period of 8 years but had crossed to France only about six weeks ago and being a member of a regular unit he was sent into action immediately upon arriving over there.

Sergeant Yazell was a nephew of Dr. W. S. Yazell, of Sutton street and a brother of Mrs. Ben P. Fleming, Lee street and had many friends in Maysville where he had worked prior to his enlistment in the army.

He has three brothers now in the service and two brothers who registered for service in the recent registration.

The bereaved family has the sympathy of the entire community in their loss but they should feel proud that the young hero has fallen in such a noble cause.

BACK ON THE JOB AFTER VACATION

Officer Dudley Bloomhuff is again back on the job after spending a ten days vacation with home folks in Ohio and in his war garden here at home. Mr. Bloomhuff is the last officer to take his vacation except Chief Ort, who will likely postpone his vacation until the hunting season.

FRANCE HONORS AMERICANS ON FOURTH OF JULY

For the first time in history France celebrates the greatest American holiday as her own. See "The Fourth of July in France" at the Pastime today. Also Ruth Roland in "The Catpaw" and "The Whispering Wires of War" showing the important work of the telephone in modern warfare.

MANY HEAR FORMER MAYSVILLE MAN

Rev. Joseph Geis, of Newport, Ky., former Maysville man, preached both morning and evening Sunday at the Third Street M. E. Church and many of his old friends were in the audience at both hours. Mr. Geis has developed into a splendid preacher and all were glad to extend him a hearty welcome to "the old home town".

LOUIS THRELKELD'S FUNERAL THIS AFTERNOON

The funeral of Louis Bell Threlkeld, who died at the home of his parents on Saturday morning, was held from the late home this afternoon at 2:30 o'clock and burial was made in the Maysville cemetery.

NEW SERIES NOW OPEN

The new series of the Limestone Building Association is now open. For subscription of New Stock see H. C. Sharp, Secretary.

Messrs. Donald and Clarence Wood and James Cooper Thomas will be members of the Students Army Training Corps at Centre College, Danville. These young men will report at the college today.

Mrs. William O. Davis returned home last night from a two weeks' visit with friends and relatives in Cincinnati.

Henry W. Candy, is confined to the home of his parents in East Second street, suffering from rheumatism.

CONDENSED STATEMENT OF CONDITION OF THE

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

REPUBLICAN TICKET

For United States Senator
BEN L. BRUNER, Louisville.
 For Congressman
TRUMBO SNEDEGAR, Bath County.

IT IS OUR WAR

A few little thin-rind politicians affect to believe that this a democratic war and go about the country blowing the horns of a few leaders. It would be a mighty poor war if what they affect to believe was true. It is the people's war. Republicans in congress have supported war measures with more zeal and in greater numbers at certain times than the opposition. Our boys are side by side from the north, south, east and west fighting the battles for world's liberty on the sanguinary fields of France. It is our fight—the people's, and these pin-headed job hunters and slackers will not be permitted to make political profit out of it. Seriously, it seems to us that this form of political chicanery is too maudlin for sane men to sponsor. When we look back and remember that many of these same gentlemen were hurrying about the country in 1916 and lending their influence to the deadly and dangerous propaganda—"Keep us out of war" and "Do you want your son to be cannon fodder?"—we almost see red when we find these same men who denounced war preparation and played upon the fear and war-terror of every mother, now smugly and self-complacently appropriating to themselves all the glory of our war achievement and all the honor for which our boys have gone to the front and fought through a hell of shrieking shells, to attain. We look back at those campaign billboards of 1916 and think of those spacious arguments employed to win a Democratic political victory and we feel that for unadulterated asinine impudence, this assumption of the "holier than thou" attitude is only by the dangerous deceit behind it. The very spirit of it breathes of autocratic intolerance of the same character which we are shedding our life-blood in Europe to stamp out. "Some of these days the people of Kentucky and elsewhere in the nation are going to take a determined grip on several of these blundering pay-roll patriots who are accusing those who don't agree with them in all things as "in league with the Kaiser" and they will get a lesson in American fair play that may do their conscience good, in many ways. This war is too sacred a thing in our country's history for any one man or one party to appreciate until itself for self advancement and self glorification.

WAR EFFICIENCIES

Erecting a steel bridge 104 feet long in 4½ minutes by 40 men is one of the military achievements over in France. Eight one-ton shells were fired at a spot 16 miles distant and they all hit the mark. There are 7990 parts in one of our big modern guns over in the big war. What wonders inventive genius is bringing to war! It would have taken a month to build that bridge in the civil war; and those shells, weighing a quarter as much, would have missed the mark half the time two miles away; and as for a cannon, it was in two parts only in days gone by—a piece of iron and a piece of wood. How grand it will be in the future time of peace to have this inventive genius occupied with designing methods for promoting and elevating life rather than to be inventing ways for killing men.

CONVICTS BUILD GOOD ROADS IN THE FAR WEST

Colorado Penitentiary Warden and His Honor Men Build Good and Beautiful Roads.

Tom Tynan, warden of the Colorado penitentiary, and his "honor men" have won Nation-wide fame the last few years by their scenic road building in the mountains of Colorado. The Royal Gorge Highway, Sky-line Drive, Pike's Peak road, Tunnel and Triangle Drive, from Colorado Springs, Pueblo and Canon City are splendid and enduring monuments of their skill and labor. Motor tourist have spread the news of these notable achievements far and wide.

It is perhaps not so well known, however, that these scenic roads are only a part of the work of the convict road builders. While they have been busy making some of the finest scenery in the world accessible to the people, they have also been busy building good practical 365 day-a-year roads through the farming sections of the State. Convict camps have been maintained in most of the best agricultural regions even as far as 200 and 300 miles from the penitentiary. An example is Weld county, Colorado, where they grow Greeley potato and more beet sugar than anywhere else yet heard of. If it is a big county, larger than some of the Atlantic seaboard states. They say it will take 64,000 freight cars to carry the 1918 crop out of the county. The cattle, sheep, potatoes, sugar cabbage, wheat, beans, onions, etc., for the 64,000 cars have been hauled for the most part over graveled roads or well graded dirt roads built by the convicts. The main highway through the county, the Lincoln Highway is a good road from boarder to boarder. The convicts have made it so. For five years they have worked up and down the county changing the dirt roads into graveled roads and trails into graded highways. More than 30,000 days' work has been put in. One hundred and fifty miles of graveled road and fifty-four miles of graveled road have been built. At one place they made a fill of a mile across a lake to take a kink out of the road. A Greeley citizen gives the following account of the activities of the convict road crew for the five years:

"They average eight miles of good road a month. The month's work will include plowing, filling, grading, ditching, the placing of culverts and the building of small bridges. The maintenance of the road camp costs Weld county about \$800 a month. This amount is taken in halves from the county and the State Road funds. The State puts up dollar for dollar on the camp maintenance. The average cost per mile of road for convict labor is \$100. Of course team hire, price of culverts and other cost exclusive of labor are additional.

"Warden Tynan maintains an average of twenty men in the convict camp of Weld county. Up to the time of the declaration of war it cost Weld county thirty-two cents a day to feed a man at the convict camp. At the present time the price is close to forty cents. A substantial menu of meats, vegetables, bread and coffee is maintained. For years the convict camps have furnished their own cooks."

BREAK YOUR CHAINS OF MISERY !!!

There is no longer any need for you to suffer with stomach troubles, catarrh, rheumatism, blood diseases, general rundown condition, catarrh of the stomach, or skin diseases, because Acid Iron Mineral is the remedy that will help you to health and happiness as not a single other remedy will. We have on file testimonial after testimonial, attesting in an emphatic manner what Acid Iron Mineral has done for thousands of sufferers who had given up all hope of ever being well again.

If you suffer from blood, stomach, or kidney diseases in any form, take 50 cents or \$1.00 to your nearest drug-store, and get a bottle of A-I-M, and start at once to enjoy the health that is your heritage. It is guaranteed to satisfy you or your money will be cheerfully refunded. Also bear in mind that Acid Iron Mineral is not a patent medicine, and that it contains no alcohol or injurious drugs, so you are safe in giving it a trial. Ferro-dine Chemical Corps., Roanoke, Va.

He Helps—He'll Need Help

AMERICAN soldiers have made a reputation already in France as deadly fighters—courageous, intrepid and tenacious Hun hunters. But this phase of their fighting fame has not eclipsed the reputation they have also been making for consideration, kindness and a humane attitude towards their fellows in arms.

The photograph shows a Yankee soldier assisting a wounded Britisher at a railroad station in France. Tomorrow the Yankee may be shot, gassed, bayoneted.

What American would not willingly lend a helping hand to him! Liberty Bonds give you the power to reach across the sea and help him to a cot in a hospital, give him the best possible medical treatment, soothe his pain.

Just how much would you want to help this Yankee fighter if he was in the place of the Britisher?

GETTING READY FOR STATE CONVENTION

Mason County Sunday School Committee Meets Tuesday Evening to Plan For State Meeting at Ashland.

The Mason County Sunday School Committee will hold its first annual meeting at 7:30 Tuesday evening, September 17th, at the Chamber of Commerce. At this meeting plans for the year's work will be formulated with the idea of extending the influence of the Sunday Schools of the county.

A delegate will be selected from the county at large to attend the State Sunday School Convention which meets at Ashland, October 8th-11th.

The county organization is composed of the following officers: C. S. Dale, President; J. S. Dawson, Vice President; Mrs. Joe Wells, Secretary; Miss Ella Wallace, Superintendent Elementary Department; Miss Virginia May Hurd, Superintendent Secondary Department; J. H. Richardson, Superintendent Adult Department; W. J. Caplinger, Administration; Miss Mary Finch, Temperance; Miss Elizabeth Quaintance, Missions; Rev. A. F. Stahl, Education and Rev. J. J. Dick-ey, Superintendent Home Department.

The people of Mason county recall the splendid program given at State Convention in this city last September and every Sunday School in the county should send delegates to Ashland this year.

BRITISH SAVING AS NEVER BEFORE

The British are saving money as they never have notwithstanding the increased cost of everything.

Sir Robert Kindersley, chairman of the National War Savings association, stated in London recently that it is "remarkable" that there are 16,750,000 holders of British war securities and more than 13,000,000 accounts in savings banks.

"It may be safely said," he said, "not only that saving has been commenced by millions who before the war never saved, but that there is every evidence that the effort of these savers increases in intensity as the war proceeds."

This situation is ascribed to the fact that thousands are receiving more pay than ever and thousands of women who, prior to the war, earned nothing are now engaged in remunerative war work. Also the incentive to spend money has been removed to a certain extent by the regulation of food and drinking purchases and curtailment of amusements.

A little fine clover hay should be tied in a bunch in the pen for the calf to nibble; the calf will soon learn to eat it.

MASON CIRCUIT COURT

Benjamin Lauth's Adm'r. vs. Patsy Lundrigan, et. als., Defendants.

In obedience to an Order of Reference in the above styled action all persons holding claims against the estate of Benjamin Lauth, deceased, are hereby notified to have said claims properly proven, as required, by law, and present same to us, on or before Tuesday, October 1, 1918, at my office, Nos. 213, 215 Court street, Maysville, Ky.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadowville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use. The doctor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NO-135

MILK!

"Whole milk is the perfect ration—the natural food. It is not merely a drink—it is a food. You eat milk. It nourishes the body, rebuilds and repairs the worn tissues. Most people eat too much. They overload their stomachs. Dairy products are easily assimilated. They give you a higher rate of good value, without taxing the stomach. The family whose meals are largely composed of dairy products are seldom troubled with digestive disorders.

"The food value of a quart of milk is the equivalent of three-fourths of a pound of beef, two pounds of chicken, or eight eggs. Compare costs—milk wins.—Dr. E. V. McCollum, Johns Hopkins University, Baltimore, Md. Pure Pasturized Whole Milk delivered daily by

SPECIAL SERVICE IS OFFERED FALL BUSINESS MEN

Division of Engineering of the U. S. Employment Service Offers Free Service to Business Men.

Special service is offered to the business men by the Division of Engineering of the U. S. Employment Service, which is operating in the central offices at Chicago for the benefit of the employer and the employee. It is a free employment agency and considers both the needs of the employers and the employee from the war service efficiency standpoint. It supplies men directly for the war industries and for employers on essential work as well as for the War Department and the other departments of the Government. It is the only direct medium through which the employer can locate the technical man whom he needs for his work.

This branch of the service in cooperation with all of the Federal Employment Offices, can easily select the men that are available for the positions that are listed by your members with the Director of Engineering. Being in touch with all activities, the Division places men intelligently, according to their experience and training; being familiar with priority demands also, it can advise and help the employer with his individual problems and requirements. By aiding both the employer and the employee, the division of Engineering helps to make both more efficient in the production of the war. This kind of service speeds up war production and increases war efficiency. It is a positive aid in winning the war.

The work of the Division is operated on a complete system which has registered and classified the technical men according to their various kinds of experience. Each applicant's local conditions are studied with a view to saving the time by preventing an unnecessary change. Employment in the same locality is also recommended, if same is available, in order to prevent a greater loss of time in moving to another city. Regardless of personal employment conditions at present, all technical men are urged to register. Registration obligates the engineer in no way, it is free of charge—it entitles the registrants to all privileges of the Employment Ser-

PREACHER SENTENCED TO FEDERAL PRISON

"Holy Roller" Preacher Who Made Unpatriotic Statements Sentenced By Judge Cochran.

When Rev. Clark Dickinson, 50 years old, Catlettsburg, Ky., who is said to be a preacher in the religious society known as "Holy Rollers," was arraigned in United States District Court at Covington Friday, he produced a Bible and quoted chapters which, he said, justified him in having made statements which caused his arrest on a charge of having violated the espionage act.

Judge Cochran told Rev. Dickinson he might have been right in some of his talk, but wrong in its application.

Rev. Mr. Dickinson made a plea in his behalf and said he had been a minister of the gospel many years, during which he had preached to men in the mountains of Kentucky. He said statements which he had made in his sermons were prompted only by his religious beliefs and not in a spirit of disloyalty.

After an hour of consideration Judge Cochran again called the minister and inquired if he intended to continue to make statements similar to those for which he had been found guilty. He replied:

"I do not know that I will."

When he failed to make a positive answer, Judge Cochran said:

"The judgment of this Court is that you serve one year and one day in the penitentiary at Moundsville, W. Va."

vice and it gives the Government the opportunity to consider the national needs for his service.

Employers are urged to communicate with A. H. Krom, Director of Engineering, 29, S. La Salle St., Chicago, to place their orders for help by giving the specific duties of positions available and the range of salaries offered. Full co-operation on the part of both employer and employee, with this service, will help to complete the study which is being made on the supply and demand for technical help. Employers of technical men engaged in essential work will aid in winning the war by sending immediate calls for engineers with civil, mechanical, electrical, chemical or mining experience; production managers and draftsmen of any kind, or if they will submit the names and addresses of any men with this experience who are not occupied efficiently on war work.

PLAN TO REDUCE INDUSTRIAL ACCIDENTS

Pennsylvania's High Total of Industrial Casualties Means Not Only Hardship to Men But Heavy Labor Loss.

Reduction of industrial accidents, in order to make labor work without waste to win the war, is the aim of a great drive for industrial safety in Pennsylvania, undertaken by the Pennsylvania Labor Safety Committee, which has received much inspiration from the work of the National Safety Council. The Department of Labor's maximum production campaign can be furthered, the men promoting the campaign believe, by guarding the safety of workmen.

Fully half the accidents in Pennsylvania, as they were reported last year, might have been prevented, according to persons who have investigated the problem. Statistics show that about 3,000 were killed and 300,000 injured in that State alone during 1917. This heavy toll, which almost equals the casualty lists in France, can be reduced by a full 50 per cent., thus promoting the productive power of the workmen, it is declared.

Through union meetings and in every other way possible, the workmen will be shown how they can contribute to safety in industry. The necessity of labor power in winning the war will be emphasized as a special reason for care during this critical time when maximum production is the most urgent need of the Nation.

The loss of a man's power, even for a few days, through some preventable accident checks by that much the Government's war program, and when 300,000 accidents are taken into account it is apparent that the loss of labor power is tremendous.

MANY APPLY FOR ARMY FURLONGHS

County Agent E. F. Boyd, Jr., recently received a new supply of army furlough blanks to be used for asking furloughs for farmer boys now in the army that they may come home to assist in harvest the crop. A large number of these blanks have been used in Mason county and it is expected that quite a number of the boys will be released to come home for a short working furlough.

Los Angeles in 1917 spent \$16,932, 02 for new buildings.

CERTIFYING OFFICER NAMED FOR WAR WORK FURLONGHS

To Pass Upon Requests to Release Men Needed in Essential Industries.

The War Industries Board authorizes the following:

Following announcement last week by Bernard M. Baruch, chairman of the War Industries Board, that there would be cooperation by the War Industries Board and the War Department in determining furloughs from military service of skilled laborers and others engaged in important war work, the War Industries Board has appointed William M. Ritter, of West Virginia, who is assistant to George N. Peek, commissioner of finished products, as certifying officer representing the board in this vital work.

Mr. Ritter will be the point of contact between the War Industries Board and Darragh de Lancy, of the industrial furlough section of the Adjutant General's Office in the War Department, through whom decision will be made as to the essentiality of certain men in war industry and necessity for their furlough from military service although called in the selective draft.

All requests for the furlough of men made by the various departments of the War Industries Board will be made through Mr. Ritter, who will make such investigation in each case as in his judgment the circumstances warrant to determine whether the requests are justified.

Heads of industries in war work who find that the draft is taking from them such of their skilled men as to impair efficiency and seriously reduce production of war material are expected to apply to the War Industries Board for the furlough of these essential skilled men. Commodity section chiefs in the board, handling matters in connection with the industry alleged to be affected by the draft, will make investigations as to the needs and conditions before acting on the requests for furloughs coming to them, and will then report to Mr. Ritter.

Men furloughed from military service on the recommendations of Mr. Ritter as certifying officer for the War Industries Board, will be instructed to report to the industry applying for their furlough and that industry will be required to make regular monthly reports to the certifying officer showing the continuance of the furloughed men in their employ. Change of place of employment or of character of work will lead to revocation of the furlough order, and return of such men to or into the military service under regulations of the War Department.

EVERY ONE SHOULD BOOST THE BIG FAIR

Maysville Corn and Tobacco Fair Will Be Next Real Big Event and Every One Should Begin Now to Boost and Keep It Up.

All of the county fairs in this section of the country are now over and the next big event of this sort will be the big Maysville Corn and Tobacco Fair which will be held on November 20-23 inclusive. These four days will be the four biggest days Maysville and Mason county will see during the year for the Corn and Tobacco Fair is by far the biggest thing Maysville and Mason county has of the sort.

It is the only Corn and Tobacco Fair in the state of Kentucky and its fame has reached beyond the confines of Mason county into the adjoining counties and into the entire state.

The Executive Committee in charge of the fair plans to get everything in readiness for the big meeting just as soon as Mr. A. L. Mertz, who is chairman of the committee, returns from a trip to New York. The fair will undoubtedly be the biggest thing of the kind in the entire United States this year for it is proposed to greatly enlarge on last year's fair and it is more than likely that a larger warehouse will be secured.

Everyone who has ever attended a Tobacco Fair here knows what it will be like and now as everything is out of the way, all are urged to begin boosting. Remember the dates—November 20-23 inclusive and write your friends about it.

The appetite of the animals is a fair guide as to how much and the kinds of feed necessary for best results.

TRAVELING SALESMAN Tells How He Regained Strength, Ambition and Vim

Atlantic, Iowa.—"I am a traveling salesman and was run-down, worn out, no appetite and no ambition my druggist told me Vinol was what I needed and within a few days after taking it I commenced to gain and it built up my health and strength so every spring and fall I take it to build me up and it keeps me in splendid condition."—W. E. Broelsky.

The reason we guarantee Vinol is because it is a constitutional remedy containing beef and cod liver peptides, iron and manganese peptonates and glycerophosphates the most successful tonics known.

John C. Peacor Drug Co., and druggists everywhere.

P. S.—For skin troubles we guarantee our new skin remedy, Saxol.

"WONDER SHIP" IS LAUNCHED IN 38 DAYS

Pacific Coast Workmen Make Possible New Speed Record in Building the Defiance.

California's labor power has again shown its mettle in the remarkable time made in the building of the Defiance, the "wonder ship of the world," which was one of four 12,000-ton cargo carriers launched in the Alameda yards in one day. The Department of Labor finds that many records are going in this war.

It was just 38 days from the time the keel was started until the vessel was launched. These 38 days included Sundays and holidays. The Defiance was built by the Bethlehem Shipbuilding Corporation.

The men have received much praise for their splendid effort in turning out the Defiance in so short a time. The record really surpasses the 27 days required for the building of the Tuckahoe by the New York Shipbuilding Co., according to Pacific Coast shipping men. It is estimated that about 30 per cent. more steel was required for building the Defiance than for making the Tuckahoe.

BRING IN YOUR SOLDIER LETTERS

Many have asked whether or not we cared to print letters from the Maysville and Mason county men who are now in France. When these letters have more than personal interest, and they most always do, we will be more than glad to publish them. If you receive an interesting letter from your boy in France bring it in, we will publish it and return it to you.

AMERICA MUST FEED 120,000,000 ALIENS

VALUABLE ADVICE Maysville Citizens Should Profit By The Following Statement.

Doan's Kidney Pills were used by this Maysville resident. Their merit was shown—the story told.

Now comes further evidence. The testimony is confirmed. The remedy was tested—the results noted.

Could Maysville residents demand stronger proof? It's Maysville testimony. It can be investigated.

A Sorries, lock and gun-smith, W. Second and Wall Sts., gave the following statement in January, 1912: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backaches and when I stooped over, I had trouble in straightening up. Colds settled in my back and kidneys, too. Doan's Kidney Pills stopped the trouble and my back and kidneys became as strong and well as ever."

A LASTING EFFECT
On November 14, 1916, Mr. Sorries said: "I am the same strong believer in Doan's Kidney Pills today, as when I gave my former endorsement. I haven't had any trouble with my kidneys in that time and I believe the cure they gave me will be permanent."

Mr. Sorries is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Sorries had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

Nothing Doing

So long as we are busy with our own work (filling our own prescriptions) we do not want the other man's prescription. If he knows so much about glasses, why don't he make 'em? Don't worry SIMPSON about making the glasses. If the other fellow prescribes glasses let him make 'em. SIMPSON IS BUSY.

TELEPHONE INSTALLATION AND MOVE CHARGE

The Postmaster General directs that beginning September 1st, 1918, all Telephone Companies collect a "readiness-to-serve" or installation charge for all new installations and also charge for all changes in location of telephone.

In accordance with these instructions we will collect in addition to the regular charge heretofore an amount of \$5.00, \$10.00 or \$15.00, the amount depending upon the rate per month of the class of service contracted for.

The move charge to the subscriber will be the actual cost of labor and material necessary for making the change.

An amount sufficient to cover the cost of moves or changes must be deposited with us when you give your order, as these charges must be paid in advance.

FIRST REPORT OF MEMBERSHIP DRIVE TO BE MADE TONIGHT

Great Banquet of Business Men Will Be Held This Evening at Beechwood Park When First Report on the Membership Drive For Chamber of Commerce Will Be Made.

Already 125 tickets to the big banquet to be given by the business men of the city at Beechwood Park this evening have been sold and all plans for the big meeting are completed. A fine chicken dinner, prepared by the capable Charles Rohmiller, will be served promptly at 6:30 o'clock and he has planned to accommodate almost 200 people. It is expected that before the hour for the banquet has arrived fully that number of tickets will be sold as they are going fast this afternoon.

The captains in the membership drive for the Chamber of Commerce and their team mates have been working hard today and they will make their first report as to the progress of the campaign this evening. The drive will continue the balance of the week and besides signing up the old members of the organization, it is expected that many new members will be listed during the week.

Because of the great policeman's strike in Cincinnati at the present time, Mayor John Galvin, of the Queen City, who was to have been the chief speaker of the evening, will be unable to be here and Dr. B. B. Bailey, pastor of the First Baptist Church, will make the chief address. Dr. Bailey, who is a very pleasing speaker, will give some very interesting experiences in Civic life. This new pastor has always been active in the civic life of the cities in which he has served and we will be able to give some very valuable information. Besides Dr. Bailey, several of the men who have been prominently identified with the organization since its birth will also speak and the evening will certainly be a very enjoyable one.

The committee which has been selling the tickets for this banquet has been unable to reach all of the business men when they were in their places of business but it is urged upon every one who can possibly spare the time that they attend this banquet and meeting.

It is understood that the report of the campaign committees this evening will be surprising for all have been very busy today and they have thus far been able to sign up many members who will be reported at this gathering. Much credit is due to Messrs. H. J. Cochran and W. Holton Key, majors of the two competing divisions and it will be interesting to watch their contest during the coming week.

At the banquet this evening music will be furnished by the Hubbard Orchestra.

FARMS CHANGE HANDS IN BANKRUPTCY SALE

The two large George Mitchell farms in Mason and Fleming counties were sold at bankruptcy sales Saturday afternoon on the premises. As this was one of the largest land deals in this section in a long time there were many present. The 268 acre farm laying in Mason county was purchased by Messrs. L. T. Anderson and T. L. Ewan at \$55.25 an acre and the 125 acre farm in Fleming county was purchased by Buck Johnson at \$60 per acre.

ROBT. D. JOHNSON COVERS HIMSELF IN GLORY IN FRANCE

Fort Thomas Man Who Has Many Relatives in This Section and Who Formerly Came From Germantown Falls at Belleau Wood Leading His Section Into Action.

"Come on boys, they got Jack." These were the last words of Sergeant Robert Dimmitt Johnson, U. S. Marine Corps, nephew of Dr. Dimmitt, of Germantown and a cousin of Mr. James B. Ross, of this city, who has many relatives in this section of the country.

Young Dimmitt fell in the battle of Belleau Wood on June 8th and was cited for gallantry in action by his officers.

The Cincinnati Post recently published a letter from Larry Foster, formerly Post reporter, who was in the battle of Belleau Wood with young Johnson and who tells something of the part this young hero played in one of the fiercest conflicts of the war. The letter says in part:

"At daylight of the third day we proceeded along the ravine and entered the woods to the left to rid it of this nuisance. We advanced as far as possible on hands and knees, then 'wormed' our way until 20 yards from the guns. 'Old timers,' veterans of many campaigns in the islands, say it was the most withering machine gun fire they had ever seen. We were caught in box-fire and cross-fire. The Hun certainly paid for it though when we did connect with him.

"This is where Sergeant R. D. Johnson, of Fort Thomas, was killed. We had just started up the hill when one of his men groaned and fell. 'Come on boys,' he shouted, 'they got Jack.' But Bob did not get very far. He was commended by Captain Bailey M. Coffenberg for bravery."

The citation for gallantry in action was couched in the following terms: "Led his section into action with great gallantry until seriously wounded in the Bois de Belleau."

Young Johnson, whose mother, Mrs. Louisa W. Johnson, now lives in Fort Thomas and whose brother, Claude Johnson, is head of the Johnson Electric Company, of Cincinnati, gave to the U. S. Marines, better known as "The Devil Dogs," a new war cry. "Come On Boys" which will go down in history and will cover the memory of the former Germantown boy with glory through all of the years to come.

The last words of Sergeant Johnson form the inspiration of an editorial appearing recently in the Cincinnati Post which says in part:

"Word comes today that Robert D. Johnson, of Ft. Thomas, was killed in action with the Marines on the Marne. And we have at hand a letter from Larry Foster, former Post reporter, who fought beside him and saw him fall.

"Come on, boys," shouted Johnson, leading his platoon into the charge. They were his last words.

"The real test of our will to win will come next winter, when the outlaw who rules Germany will make tempting offers of an empty peace. It is for that time we should keep in our hearts the last words of Sergeant Johnson—'Come on, boys!'"

"Unless we are courageous enough to spurn the Kaiser's peace, the sacrifice of Sergeant Johnson and the thousands of his fellows will have been in vain. For their sake we cannot afford to make any peace except on terms of unconditional surrender.

"To this end we who register dedicate ourselves.

"Come on Boys"

COUNCIL IN STAR CHAMBER SESSION

Mayor Thomas M. Russell has called a meeting of the city councilmen as a committee of the whole for tonight. The meeting will be held in the new committee room behind closed doors and matters of importance will be discussed in committee before being brought to the floor of council.

MUCH COAL PASSES DOWN THE RIVER

The artificial rise in the Ohio reached here Saturday evening and quite a number of steamboats with large loads of coal passed down for Cincinnati and Louisville Saturday night and Sunday.

REESE WALLINGFORD,
sepl-1m Maysville, Ky.

Mayor Thomas M. Russell made a hurried trip to Lexington Sunday evening and returned with his big car which had been in the shop for some time.

GREAT FEATURE OPENS AT THE WASHINGTON

"Hearts of the World," D. W. Griffith's Masterpiece Opens Three Days' Engagement at Local Theater.

The managers and the thirteen-piece orchestra with the big feature picture, "The Hearts of the World," arrived in the city this morning and the first performance of the big picture was given this afternoon at the Washington.

There was a very good audience present at the first presentation of the picture although not nearly as many as will be present this evening as the ticket sale for the night show is showing up well and there is every reason to believe that the house will be well filled.

This is said to be by far the biggest picture show coming to Maysville this year. It is Griffith's greatest masterpiece, even greater than "The Birth of a Nation," the other big Griffith production which took Maysville by storm. The show will be in Maysville for three days and a matinee will be given each afternoon so that the people of the community will have an opportunity to see the big picture about which so much has been said in the press.

The afternoon performances are especially arranged for the country people and those who live in neighboring counties. It is understood that many people from nearby county seats will be here during the week to see the big show.

AUTOMOBILES AS SCARCE AS HEN'S TEETH SUNDAY

Maysville and Mason County Observes Gasolineless Sunday to the Letter and Not Over a Half Dozen Machines Were Seen on the Streets.

Gasolineless Sunday was observed to the letter by the owners and drivers of machines in Maysville and Mason county. During the previous two Sundays some few machines were seen on the streets but yesterday there was not a single machine except those driven by physicians and those used in necessary work such as the delivery of cream and milk.

During the past two gasolineless Sundays reports came to the city that throughout the country people had disregarded the law and had been driving their machines out for joy rides on the country pikes but investigations made yesterday disclosed the fact that the country pikes were empty of machines and every one throughout the country as well as in the city was observing the request of the Fuel Administration.

County Fuel Administrator Brownling is very much pleased with the way the local people are observing the day and both Manager Greenlee, of the Standard Oil Company and Manager Manion, of the Indian Refining Company, report that there is a great saving in "gas" in Maysville as is shown in the comparison of Monday's sales now and before the gasolineless Sunday went into effect.

CORP. EARLY NOT SERIOUSLY ILL

Corporal Calvert Earley, of this city, has been confined to a hospital in the East for the past several days and his relatives here were quite uneasy about him. Mr. Thomas L. Ewan this morning received a letter from his physician saying that he was not seriously ill at all and that there was no need for worry.

GOVERNMENT BUILDING TO BE PAINTED

The contract for painting the wood work of the Government building has been awarded to Contractor C. B. Davis and his force of men began the work this morning. There is little wood work on the building and the work will be finished in a very short time.

Messrs. Ellsworth Cablish, Roy Hampton, Stephen Owens and Edwin Parker left this morning for Lexington to enter State University, as members of the S. A. T. C.

JUDGE'S FIRST WIFE SEEKS BALM OF SECOND

First Wife of Judge L. P. Fryer Alleges Second Wife Alienated Affections.

Mrs. Mattie Barton Fryer filed suit in United States District Court at Covington Saturday against Eva Bradford Fryer seeking to recover \$50,000 for alleged alienation of the affections of her husband, L. P. Fryer, Falmouth, Ky., Judge of the Eighteenth Judicial District of Kentucky, which comprises the counties of Pendleton, Robertson, Harrison and Nicholas.

The petitioner charges prior to December 17, 1917, the defendant used "designing influences" to deprive her of the love and affection of her husband.

The complainant, who was the first wife of Judge Fryer, filed suit in Kenton Circuit Court in 1917 and a judgment awarded her the decree after there had been a compromise settlement. Stocks and bonds owned by Judge Fryer were held under restraining orders until a settlement was reached.

The defendant prior to her marriage several months ago to Judge Fryer was the widow of Dr. H. A. Bradford, Cincinnati dentist, who lived at Butler, Ky., and died suddenly on a train when on the way from Cincinnati to Butler.

Judge Fryer is well known here. He recently sat as special judge of the Mason Circuit Court.

BOY HAD GUN BUT IS RELEASED

The police Saturday night took Cecil Gilbert into custody when he was found to have a shot gun and said that he was looking for his uncle, William Gilbert. Young Gilbert said that his uncle had knocked down his mother. The young man was released and the police made an effort to locate the uncle but he had caught a freight train and had shaken the dust of the city from his feet.

BOYS PLAYING WITH PISTOLS

Complaint has been filed with the police that several boys in the city have been playing with pistols and firing blank cartridges on the streets. An investigation is being made and already several of the lads have been brought in before Chief Ort who has given them fatherly advice and who has advised them as to the city and state laws on firing on the streets or highways.

DEFENSE COUNCIL PLANS FOR QUESTIONNAIRES

A meeting of the Mason County Council of National Defense and those who have thus far volunteered to assist the Legal Advisory Board of the county in the filling out of the large number of questionnaires soon to be coming in, was held this morning and the filling out of the blanks will be handled in such a systematic manner that it is certain there will be little trouble in handling the big job.

PAVILLION IS BEING DECORATED

The pavilion at Beechwood Park is being decorated for the big Business Men's Banquet tonight. The decoration of the building is in charge of Mr. Wadsworth Clarke, which is enough to say that it will be done in first-class style.

HEIRS OF MRS. JENNIE D. KING, H. C. HAWKINS, Auctioneer.

NEW GOODS Arriving Daily

Just back from New York and the goods are coming in fast by express.

Was fortunate in getting many things that are very scarce. Lovely Silks, the strike has made them scarce. The beautiful Plaids and serges, the Government has taken over most of the mills to work on goods for our soldiers and sailors that are fighting that we may enjoy the freedom that we have always had so we are willing to do without, until they are clothed and fed.

Many Novelties, Ribbons, Purses, Fringes, Tassels, Belts, Ties, Neckwear, etc.

Also Gloves, the scarcest of all merchandise. A special heavy Dressy Gloves at \$1.50 pair.

Best line of Hosiery in this part of Kentucky. Buy War Stamps here.
